Intermediate (MPC) May 2019 – Apr 2021 | GPA: 9.0

Z.P. High School, Andhra Pradesh

SSC (10th Grade) Jun 2018 | GPA: 9.5

PROJECTS

Placement-Portal [<https://github.com/navya1220/placement-portal>] [🔗](#)

- Developed a placement portal with four user roles—Admin, Employee, Alumni, and Student—each having specific features and access control.
- Admins manage user roles, monitor job postings, oversee portal activity, and generate analytics, while employees post job opportunities and track applications.
- Alumni can share success stories, offer career advice, and interact with students, while students can access job updates, engage with a chatbot for career guidance, and take mock tests.

Academic Atlas [<https://github.com/nazeer-18/Academic-Atlas/tree/navya>]– MongoDB, React Js, Node Js.

- Solved real-world problems by enabling 150+ users to securely store and access academic resources.
- Designed authentication, authorization, and data protection measures to maintain platform integrity.

SKILLS

- **Frontend:** HTML, CSS, Bootstrap, JavaScript, React.js
- **Databases:** MongoDB, SQL

Backend: Express, Node.js

Languages: C++, Python

CERTIFICATE

NPTEL: Programming in c (sliver) by IIT Kharagpur

AWARD

NxtWave April Coding Challenge Award

Participated in the NxtWave April Coding Challenge, won Boat Airdopes, and dedicated 4 hours daily to mastering assignments and skills.
